

Now those of you that know me well  
Know I have a passion,  
I also write a rhyme or two  
Well there's that and there's also fashion.

I'm not a stickler for tradition  
I don't keep to all the rules,  
So I thought I'd say a word or two  
I just hope I can keep my cool.

I want to thank my parents  
For all that they've done,  
Support and love and laughs and tears  
And just being super fun.

I've had a full on year or two  
It's been really quite a drag,  
My dad's played taxi quite a lot  
And my mom made loads of spag.

They've really helped with Kumo  
My tiny little dog,  
He looks like cotton candy  
Or champagne coloured fog.

So I'd like to say I love you  
I really, really do,  
Marge and pops you are the best  
The most fantastic two.

I want to give a little nod  
To those who've travelled far,  
We're so grateful you're here with us  
You know who you are.

I'd like to make a shout out  
To the Farber men,  
The talented musicians,  
Martin and Ben.

I couldn't have imagined  
Walking down the isle,  
To any other music  
You really made me smile.

Tinse you gorgeous human you,  
You've been a super star.  
You've kept me sane and on the ball  
You're great you really are.

My not so little nieces  
Your presence makes me happy,  
You are such pretty girls  
I remember you in nappies.

Liana my darling friend  
What can I say?  
Without your clever Cupid skills  
There would be no today.

Lifeguards of Bermuda  
I have big shoes to fill,  
Those glory days on the beach  
He talks about them still.

Al's pals from UofT,  
He thinks of you as brothers.  
You really are the bestest men  
There really are no others.

I want to thank each of you  
I could give you all a kiss,  
For being part of those special times  
That makes him who he is.

To the extended Collis and Bullock tribe  
You amazing group of peeps,  
You're fun, you're kind, you're generous,  
I'm glad you're all for keeps.

Berr and Tank, your my brothers now  
And I'm excited to be your sister,  
Can you believe what I did today?  
I made your bro my mister.

I feel so grateful all the time  
I count my lucky stars,  
How great John and Judy are  
I have the best in-laws.

However, when I told them  
I wanted to learn the law,  
Judy rolled her eyes at me  
"Not another one" she balled.

But I hope I've now proved myself  
To be a good addition to the pack,  
And I promise that I'll never let  
My fashion sense go slack.

I will always be that one  
That sticks things on her face,  
My love of colour shining through  
Look I even now love lace!

And now I turn to you my love  
Words can't express,  
How happy I am when I am with you  
You make me my absolute best.

So here I am standing here  
The best day of my life,  
I'm so excited you're now my husband  
And I get to be your wife.
