

5th April.

Dearest Charles,

George & I are feeling very shocked & sad today at the totally unexpected news of your father's death & we send you our loving sympathy at this sad time when you will be feeling the loss of a good & loving father, & when responsibility for helping your mother will fall heavily on your shoulders. It is not, I fear, going to be easy for John to understand & my heart goes out to the little boy who so loved & depended upon his Grandpa. What a sad birthday for little Graham & how sad we feel to think that he & certainly baby Charles will not have vivid memories of Charlie. It is indeed a sad day, for us all. In fact it is hard for us to imagine the family without your father. He was always so kind to us when we were in Bermuda; how he loved Bermuda, in fact it is given to few people to live in a place they love so deeply. We send you all our fondest love & pray you will all be sustained in the days that lie ahead.

Yours affectionately

Dad & Mother.

Dear Freda,

We are so pleased to know you are having a good time & hope all goes well & you continue to enjoy your trip. Jessie wrote to say if Sylvia & Ernest were away when you are in Toronto you would be more than welcome to stay with them so I am writing this in the hope that you will receive it in time. She fears you may feel they are not so near to the Centre of things but they would like to have you stay with them. Their address is 14 Jack-nieir Crescent, Scarborough, Ont. Here everyone is well once more I am glad to say, & the children once more flourishing. We all look forward to seeing you in due course & send our love.

Yours Joyce

Friday 23rd.

Dearest Freda,

We have all been thinking of you & wondering how you are & what you are doing. Charles read your a.m. to us & you seem to be having a good time. As I understand it you will be passing through the Panama Canal today, it reminds me of our trip via Suez. I hope this reaches you in L.A. Graham is in bed with a temp but no mumps, Margaret has been told there is something going round where the children have temps. for $\pm$ 2 days so perhaps it is that. He had all his dinner last night. Baby Charles has a heavy cold & I hope he soon loses it. John is fine; we had Julie for the morning on Monday, she is a very good baby. I think Valerie is fine. We expect to go up the town today to do some shopping & post some letters. Jessie & Loni are going off on Sunday for a week's holiday, I do hope they enjoy the break she says the weather has been quite cool with nights below 50° so that is a change.
