11. QR Code

12. Device ID

13. Mounting Plate

Step Two: Setting Up Your Camera

NOTE: If Bluetooth (BLE) is not supported on your mobile device, follow the setup instructions in the **"Wi-Fi Setup (Android Users Only)"** section.

1. Make sure your mobile device's Bluetooth is turned on.

   NOTE: Refer to your mobile device's user guide for instructions on turning on Bluetooth.

2. Tap **ADD DEVICE**, then tap **HD WiFi Camera**.
   If this is not the first device on your account, tap ➕ and then tap **HD WiFi Camera**.

Tap **ADD DEVICE**

Tap **HD WiFi Camera**

3. Follow the on-screen instructions to complete setup.

Installing Power Adapter Plugs (European Users Only)

If you are a European user, you received a set of power adapter plugs relevant to your country. To install the power adapter plugs:

1. Tuck in the power pins as illustrated in the image below.

2. As shown in the image below, push the power adapter plug in the power adapter body until you hear a click.
